

# Long Service & Anniversary Awards

## How do your loyalty rewards stack up?

Recognising your staff for dedication and loyalty is an important element in providing a well thought out employment package. Long Service or Loyalty awards aid employee engagement and retention, and both are essential to business performance and customer satisfaction.

### How The Voucher Shop can help

Tracking each employee's length of service, sourcing relevant awards and managing their delivery is time consuming. Cash is not a memorable reward option as it soon disappears into everyday expenses while a gold watch will not be to everyone's taste, so what is a suitable aspirational award?

Our award presentation packs can be tailored to your company and can include:

- A personalised letter
- Voucher Cheque to your specified reward value redeemable for a wide range of vouchers
- Congratulatory certificate

The Voucher Shop ensures that you never miss an important anniversary date whilst giving your valued employees an award that offers them the freedom to choose something that they and their family will definitely enjoy. Awards are available in multiple denominations to reflect a multi level loyalty scheme with all administration handled by The Voucher Shop.

## How it works

Our flexible Voucher Cheques are presented with an appropriate certificate to mark any important occasion. A Voucher Cheque is made out to the employee for the required value and they are free to choose where to spend their reward from a wide selection of vouchers using the order form is available on the reverse.
