

## FLEXBANK

Give staff the choice of when and where to redeem the Gift Cards or Vouchers they have ordered as part of your salary exchange scheme, while still offering fantastic discounts on everyday shopping.

With FlexBank, you can supply your team with an online portal to help them manage their monthly expenditure efficiently, and save up for seasonal extras such as Christmas or holidays. Giving staff the flexibility to purchase as and when they want.

### How does it work?

Our flex calculator works out the savings available on specified Vouchers/Gift Cards, giving staff total control over what they save and spend.

### Benefits of FlexBank

You still receive the same fast, efficient service as you would with our FlexVouchers product, but Flexbank offers even more.

**Flexibility** – Staff can select their choice of Vouchers/Gift Cards anytime.

**Choice** – Staff can select either one of several Voucher/Gift Card types for each order.

**Minimal administration** – Leavers and starters can easily be edited via our online administration tool for HR Teams.

## HIGH STREET SAVINGS

If you want to get more of your staff onboard with your company discount savings scheme but are worried many won't commit to a regular salary sacrifice deduction without first testing the water, then High Street Savings is the ideal solution.

**High Street Savings is a unique platform that allows staff to select discounted high street Gift Cards and Vouchers on a voluntary basis during specific windows throughout the year.**

Those who do not wish to elect for monthly salary deduction via our FlexBank solution will be invited to participate in High Street Savings to familiarise themselves with the process. Getting staff comfortable with exchanging their money for discounted Vouchers and Gift Cards before upgrading to a regular payment.

### How does it work?

- 1** Staff will be sent an email invitation with details of the opening dates and the great savings available to them (they can also participate in any special offers available at that time).
- 2** If the email recipient expresses their desire to participate they will be sent a unique log in and password with details of opening and closing dates.
- 3** Once logged in, staff can select any mix of Gift Cards and Vouchers, for any value at our standard discount rate.
- 4** They then simply key in their debit card information using our secure site and once successfully processed the Gift Cards/Vouchers will be despatched to their chosen address.

Simple, secure savings that will ensure your staff fully understand the benefits available to them as an employee of your organisation.

Please note High Street Savings is only available to staff at companies running a FlexBank programme during a number of key windows throughout the year.

Make a splash with your  
next benefit scheme
